Amit kundra – ex-Techshastra, Quopn Wallet (a sequoia backed venture) To Spearhead excess2sell.com tech build-up

Mumbai: excess2sell – India’s premier B2B online platform for liquidating ageing assets has brought on-board Mr Amit Kundra as its Technology Director. With the largest market share in this space, the company under Amit’s aegis will work on building a technology roadmap to introduce innovative offerings which will further gain traction from buyers and sellers. Amit is a techno-functional professional with over 18 years of experience in IT Services and Product Industry. In his previous roles Amit has served as the Director of Infrastructure / Head Solutions of Techshastra India and was a core team member of the Mobile Couponing platform – Quopn Wallet, a Sequoia backed m-commerce venture.

Announcing the appointment, Mr Rajan Sharma Founder & CEO of excess2sell said, “In his previous assignments, Amit played a pivotal role in setting up technology and infrastructure in multiple innovative digital and e-commerce solutions for some of the biggest consumer brands in the country. He has also spearheaded international e-commerce projects in the APAC region lending his expertise in Infrastructure as a Service (IaaS) and Software as a Service (SaaS). With his skill and passion we look forward to him leading the technology strategy for our platform, and for driving the next phase of tech side growth for www.excess2sell.com.”

Speaking on the appointment Mr Amit Kundra said, “I am excited to join excess2sell and look forward to the growth of its unique online platform. The ageing assets platform is currently in a high growth phase and, the objective is to enhance the technology and infrastructure setup to match excess2sell’s growth and expansion plans. The next step in the plan is to launch the mobile app which will be executed in the first quarter of this year.”

Excess2sell.com is a one stop platform for vendors, manufacturers, dealers, wholesalers and distributors to offer their unsold – overstock, excess, ageing inventory to buyers across verticals where sellers and buyers (CAN) transact Confidentially, Anonymously and Neutrally. The three year old online inventory liquidation platform is on a 5x revenue growth in the current Financial Year (FY 2018-19).

About Excess2Sell: – Excess2Sell.com is India’s biggest online marketplace for ageing assets, reaching to 169,000 B2B businesses. It has a registered seller-buyer base of above 15,000 players and roughly transacts 10,000 deals across 11 verticals and in more than 340 categories of products. Conceived and created by Checkers India Technology, Excess2Sell is led by a team of experienced industry professionals in Business Management, Product Management & Alliances, Techno-Sales, Marketing, and Distribution & Retail. With a clear focus on Excess Inventory Marketplace, Checkers India Technology is poised to become an enabler in India’s growth story.
